13. Notices of Motion:

14. Motions:

14.1. 2021 Census of Population

Whereas the next Canadian census will take place in May 2021; and

Whereas for over a century, Canadians have relied on census data to tell us about how our country is changing and what matters most; and

Whereas governments at all levels, policy makers, businesses, non-profit organizations and more all depend on key socioeconomic trends and census analysis to make important decisions that have a direct impact on our families, neighbourhoods and businesses; and

Whereas accurate and complete census data support programs and services that benefit our community; and

Whereas in response to the COVID-19 pandemic, Statistics Canada has adapted to ensure that the 2021 Census is conducted throughout the country in the best possible way, using a safe and secure approach; and

Whereas Statistics Canada will be hiring approximately 32,000 people across the country to assist with census collection; and

Whereas the support of municipalities in encouraging residents to complete the census will have a direct impact on gathering the data needed to plan, develop and evaluate programs and services such as schools, daycare, family services, housing, emergency services, roads, public transportation and skills training for employment; and

Whereas the Director General of the Census Management Office of Statistics Canada has contacted our municipality to seek our support in spreading awareness about the upcoming census, the job opportunities available, and the importance of participation by members of our community, by way of a council resolution and any other appropriate communications methods;

Therefore be it resolved that the Council of the Corporation of the City of Burlington supports the 2021 Census, and encourages all residents to complete their census questionnaire online at www.census.gc.ca.
