City of Burlington looking for feedback on the types of recreation programs offered

Date and Time: Friday, September 1 06:00 am

Address: virtual

The City of Burlington is looking for resident feedback on City-run recreation programs. Feedback is welcome from the community as a whole - past and current participants and those that haven't registered in our programs.

Feedback from everyone will help to understand the needs of the entire community. The survey will ask questions about what City-run recreation programs you have participated in, what programs you would be interested in and, would like to see offered.

This review will help the City understand the recreation needs of our growing community. It will also help align the programs the City offers to serve all residents and visitors for aquatics, skating, inclusion, sport, camps, adults, older adults 55+ and programming in general for years to come.
